PRODUCTION

Kiron SA is a knitting manufacturer based in Casablanca, Morocco. The company has existed for 15 years and has a production of 600,000 sweaters annually for Europe and United States

FABRICATION

Kiron SA is completely specialized in knitwear, and generally targets brands which require a high quality standard, uniqueness in design, and a cost effective production.

KIRON IS FULLY INVESTED IN RESEARCH & DEVELOPEMENT

RESEARCH & DEVELOPEMENT

In order to maintain unique design and trend oriented styles Kiron SA specialises highly in research and development. We are present at most European yarn fairs where we generally source all new yarns available for the coming seasons.

SERVICES

We also have partnerships with local Moroccan yarn suppliers, which allow us to create yarns for our customer's particular needs.

These yarn suppliers include :

- + Carded yarns
- + Open end yarns
- + Combed yarns
- + Fantasy yarns

OUR YARN SUPPLIER

All local yarns are certified as AZO free and abide by all European quality and safety standards. In addition to local yarn suppliers we also work with all the major Italian, Spanish, and French, suppliers.

The list of our main yarn suppliers in Europe include :

"QUALITY IS OUR PRIORITY, SO WE ARE EQUIPPED WITH THE LATEST MACHINES AND SOFTWARE"

STOLL

Kiron use STOLL technology and own more than 90 « *machines en jauges 3, 5, 7, 9 et 12.* »

LOGICIEL M1

Kiron use the last M1 Software to create unique product design.

DESIGNERS TEAM

Kiron SA has developed an internal design team coordinating all of our research and development and working on collections and styles that we propose to our customers. This allows the customers to see more styles and use the styles that we have already developed as an inspiration for their own collections.

LARGE CHOICE OF DIFFERENT STYLES

Since we have the habit of creating more than 500 styles a year which we reference and have available, there is a large choice of different styles that designers can use.

R&D COORDINATION

Our design team also helps in the coordination of research and development in the areas of machine embroidery, hand embroidery, crochet and prints.

OUR DELIVERY TIMES ARE 4 TO 6 WEEKS DEPENDING

We are capable of delivering our repeat orders within a period of 4-6 weeks. Our European customer benefit greatly from the fact that we are located so close to Europe. For a delivery by truck the transport time is an average of 5 days to Central Europe. We work with a number of very reliable transport services which we would be happy to recommend.
